

### A supplement to help support newborn calves.

Birth is a stressful time for calves – difficult births and calving into cold environments add to that stress. It is critical to get these calves on their feet and eating. Calf Perk® is an easy to use, immediate energy boost for newborn calves that naturally increases body temperature and respiration rates to perk them up. Formulated with the help of industry experts, Calf Perk's unique, patent pending formulation ensures rapid absorption, maximizing its effect. For results you can see, choose Calf Perk!

### FEATURES & BENEFITS

- Concentrated, easy to use
- Quick absorbing, fast acting
- Naturally increases body temperatures and respiration rates in newborn calves
- Enhances calf vigor and suckle reflex
- Based on recommendations from human medicine for infant support
- Unique energy source
- Research demonstrates no negative effect on immunoglobulin absorption

### WHEN TO USE

- Newborn calves that need a boost
- After a difficult birth
- During cold temperatures
- Depressed, lethargic calves

**DIRECTIONS FOR USE**  
Shake well before use. Give a single tube of Calf Perk orally across the tongue no more than 30 minutes prior to colostrum or milk feeding.
