no antibiotics

Use Hoof-Sol Bath solution

We recommend using our Hoof-Sol Bath (solution) exclusively in the Intra Bath. This product has a greater stability and is more effective than traditional additives, and it is completely safe to use!

For more information, contact your distributor.

Hoof-Sol Bath is concentrated and needs to be diluted with water to make a 5% solution.

Available sizes

20-liter jug

200-liter drum

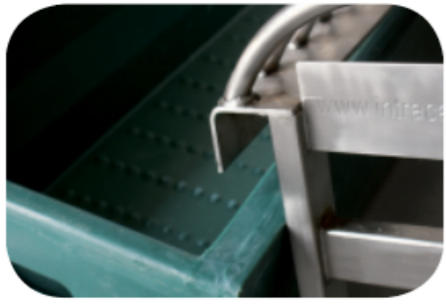

1000-liter tote

- ✔ Increased contact time when using Intra Bath
- ✔ Less pollution - 60% less manure
- ✔ Environmentally friendly
- ✔ Safe to use
- ✔ Easy product detection
- ✔ Optimum viscosity

NN.M4X0

HOW TO USE?

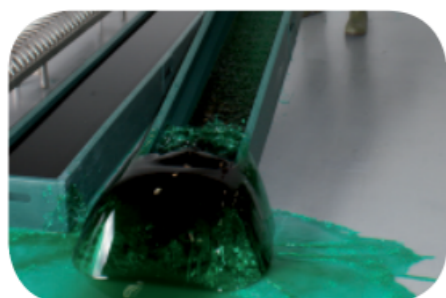

Press the centre grill on both tubs.

Push the grill firmly into the baths with your foot. Make sure the baths are secured tightly to the grill.

Add 4 liters of **Hoof-Sol Bath** to each tub and fill the foot bath with at least 15 cm of water to make a 5% solution (the total content of each tub is approximately 80 liters).

We recommend refreshing the bath after approximately 300 cow passes. Remove the centre grill and empty the tubs using the handles.

We recommend using our Hoof-Sol Bath (solution) exclusively in the Intra Bath. This product has greater stability and is more effective than traditional additives, and it is completely safe to use! Hoof-Sol Bath is concentrated and needs to be diluted with water to make a 5% solution.
