## Dairy Scratchy:

- ❖ 1.25" thick heavy - duty length of molded rubber (20" x 59") with rubber studs.
- ❖ Stimulates blood circulation and contributes to cleanliness.
- ❖ Protects wall angles and posts in strategic positions especially in high traffic areas.
- ❖ Offers improved animal welfare essential for cow comfort to animals of all ages.
- ❖ Simple, easy installation in all buildings whether for heifers or lactating animals.
- ❖ May be installed on any vertical or horizontal surface
- ❖ Great on the top of walls close to waterers allowing cows to rub their chin and neck.

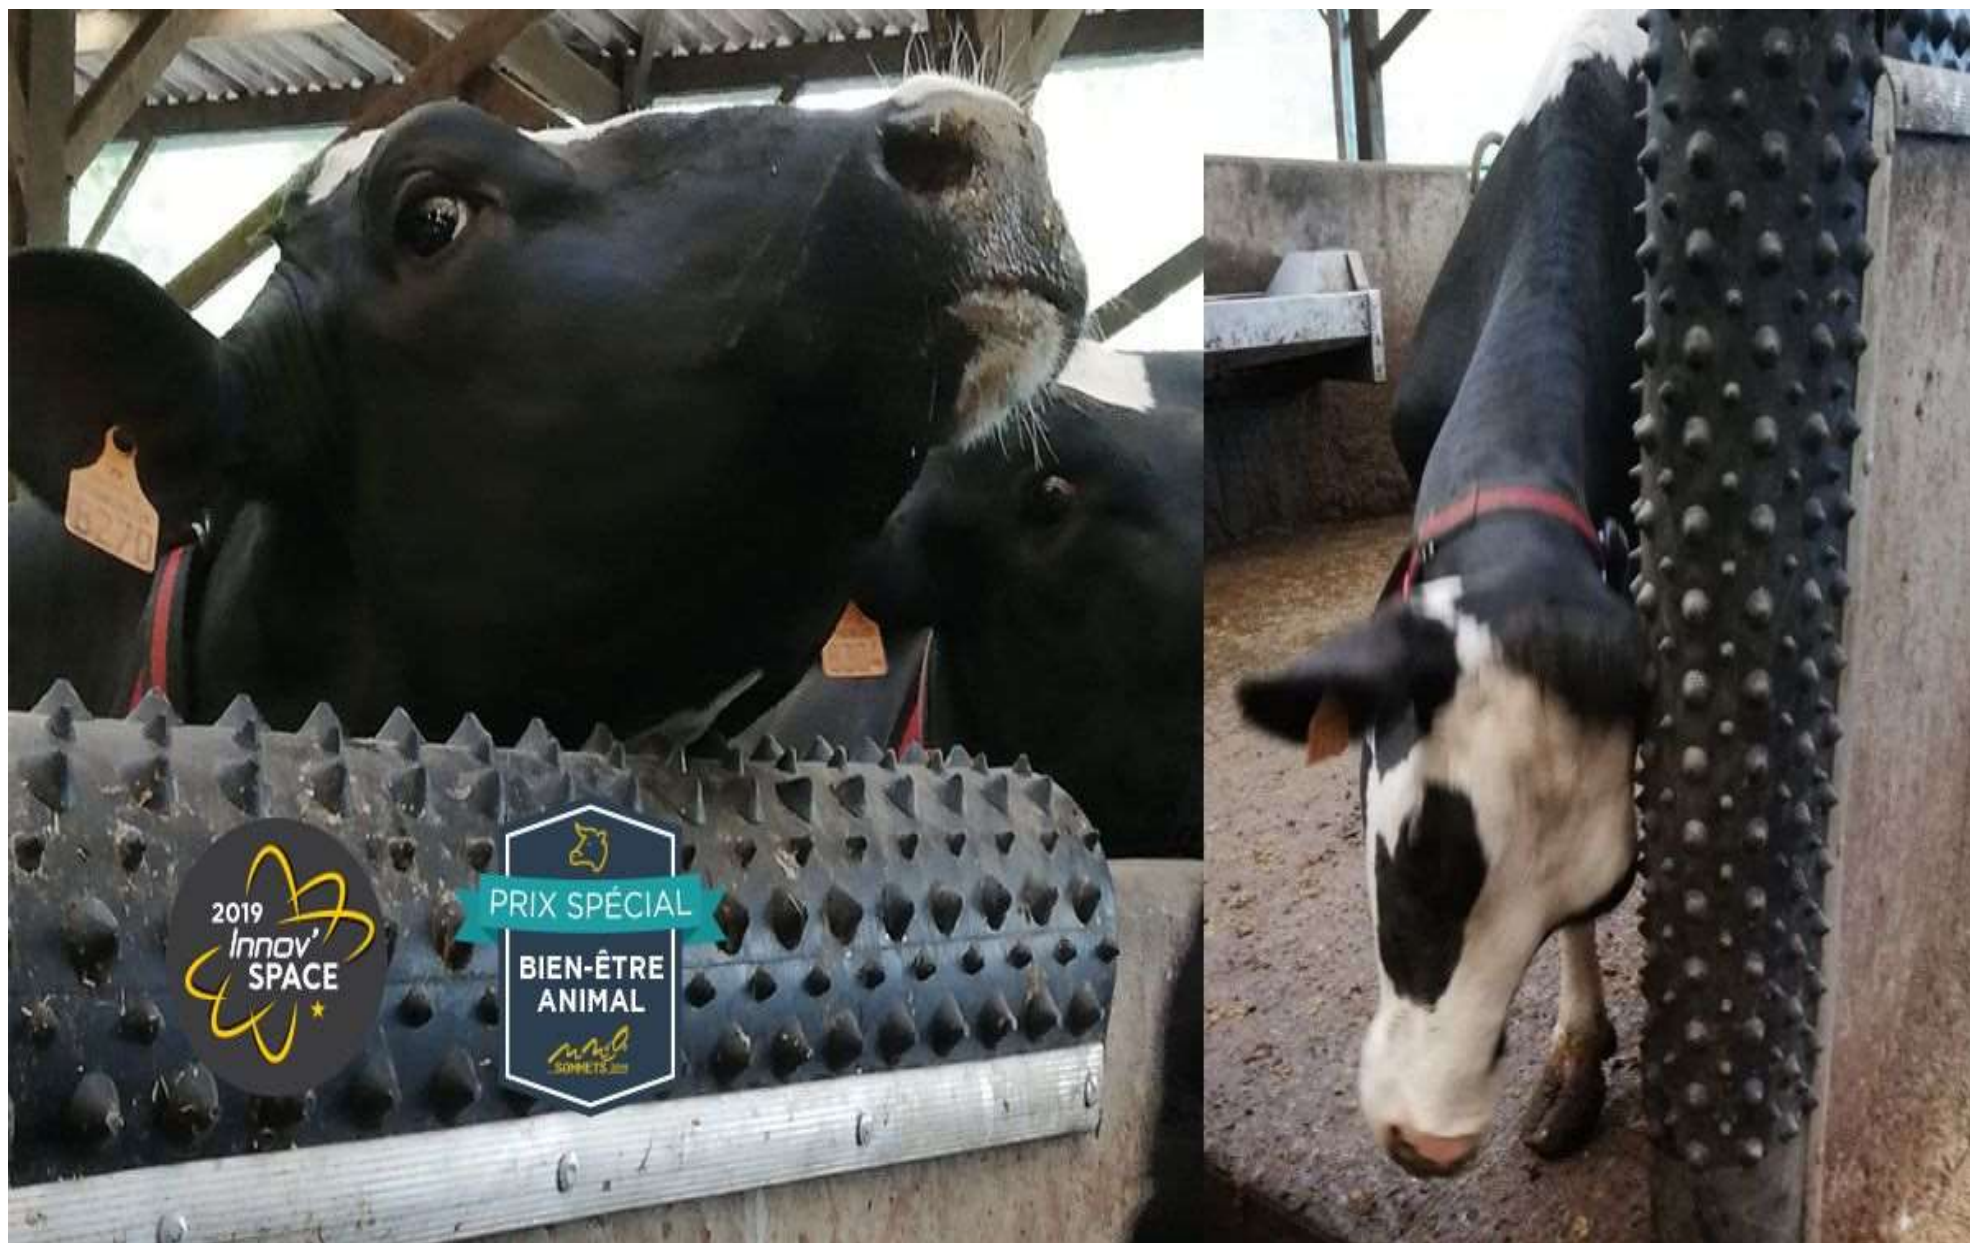

**Requires  
No Electricity or  
Maintenance!!**
