

BRAZEAU - TXBAP239 - Product code: 914306
BLACK FRAME - POLARIZED AQUA PRECISION RED MIRROR LENS

A Polarized high contrast lens, sometimes referred to as “the fast moving sports” lens, ideal for work and play!

DESCRIPTION **CSA Z94.3 RATED**

The Edge Brazeau is here to prove that safety glasses don't need to be so "safety glasses." Out with uncomfortable frames, outdated technology and unsightly designs, and in with this performance eyewear that's as fit for the river as it is the jobsite.

LENS DESCRIPTION

Polarized Aqua Red Mirror Lens maximize visual clarity and contrast in bright light conditions. Rather than using a layering process, anti-reflective ions are infused into a flame-colored mirror to maintain pristine optics.

FEATURES

- Vapor Shield anti-fog technology available
- Wraparound frame
- Sleek brow guards
- Lenses block 99.9% of UVA/UVB/UV-C rays
