

PUMORI - TXP415 - Product code: 914315
BLACK FRAME - POLARIZED COPPER LENS

This Polarized model features our “Copper Driving Lens” – which features a “blue light blocker” which reduces “eye-fatigue”, and perfect for people who spend a lot of time “behind the wheel”!

DESCRIPTION **CSA Z94.3 RATED**

The future of safety eyewear has arrived. The Pumori sports a distinct style, advanced features, CSA rating and comfortable fit to place it among the ranks of the finest “designer” brands, but for a price that’s more accessible.

FEATURES

- Thermoplastic rubber (TPR) adjustable nosepiece
- Anti-slip temples
- Scratch resistant lenses
- Lenses block 99.9% of UVA/UVB/UV rays

LENS DESCRIPTION

Polarized Copper Lens make outdoor conditions appear sharper by filtering high levels of blue light. Copper also increases depth perception and contrast, making it the ideal tint for daytime driving and golfing. The addition of a polarizing filter increases clarity by reducing glare.
