

Size Chart: MS Powerclean Overall

Measure yourself:

Compare your body and arm length, your chest, waist and leg measurements with our size chart to help you determine what size to buy.

MEASURING: for the best result, take measurements over the clothes you will wear under your workwear. If your measurements fall between sizes, we suggest that you size up for a better fit.

	<p>Total body length: 164 – 170 cm Arm length: 56 – 58 cm Chest: 84 – 92 cm Waist: 72 – 80 cm Leg: 72 – 76 cm</p>
